Hi Delores - I want to send this to the DDs to help address the problems we had with the last SFIREG meeting. I know you are putting together a SOP, but wanted make sure this works in your plan to address. Thanks, Jackie

Dear Colleagues, We just received the draft SFIREG agenda for the June 3-4th meeting and I wanted to alert you to the OPP topics currently on the agenda. Please let me know if we're ready to discuss these topics in June, who should present, and any other topics you would like to discuss with SFIREG. Below are the topics and I have attached the agenda:

1. Dicamba – 2019 Growing Season
2. Federal Certification of Pesticide Applicators Rule
3. Pesticide Use on Hemp
4. UAVs
5. Realignment of EPA Regional Offices
6. Focused WPS Inspection Initiative
7. Special Local Needs 24 (c)

Also, we'll have in early May a "walk-through" the agenda meeting with SFIREG, but wanted to provide what we have as early as possible to aid in discussions at the pre-meeting in May. Regards, Jackie

Attached please find the draft agenda for the upcoming Full SFIREG Meeting which will be held June 3-4, 2019. This has been shared with the Regional SFIREG Representatives for comment.

As in the past, those sessions for which EPA participation is requested have a [placeholder] for EPA staff to be added.

If possible, I would like to schedule the walk through in early May.

Thank you.
